²For the purpose of this analysis, “**Metro Areas**” are metropolitan statistical areas as delineated by the Office of Management and Budget (OMB), each of which contains at least one Census Bureau-delineated urbanized area of 50,000 or more people. Rhode Island is an entirely metro area.

³ American Community Survey 2015 five-year estimates (2011-2015).

- More than three-quarters of SNAP families had at least one working adult in the past 12 months.
- A very small number of SNAP households (5% or 5,000) participate in TANF, making SNAP a critical safety net for families with children.
- More than one-third of SNAP households included children.
